PLANTS

A collection of seven 3D printed Christmas trees of varying sizes and colors. The trees are constructed from a grid-like structure of small, rectangular blocks. The colors include green, yellow, brown, and black. The trees are arranged in a cluster, with some standing on circular bases and others on flat surfaces. The background is plain white.

7

8

A LEGO Technic tree with a brown trunk and a green frog perched on a branch. The tree is decorated with yellow, pink, and white flowers. The base is brown and features green plants and small yellow and red flowers.

A collection of ten LEGO Technic flower trees arranged in two rows of five. Each tree has a brown Technic trunk and a canopy of colorful Technic flowers. The colors of the flowers are: blue, white, purple, pink, yellow (top row) and green, lime green, orange, pink, red (bottom row). The flowers are constructed from small Technic bricks and pins, giving them a textured, mechanical appearance. The trees are set against a plain white background.

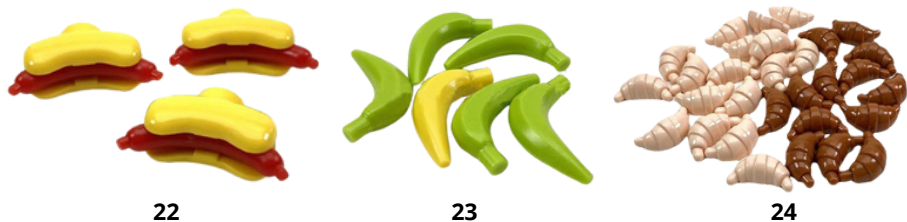

A collection of nine LEGO trees arranged in three rows of three. Each tree has a brown trunk and a grey base. The foliage is made of various colored LEGO leaves. The top row features a pink tree, a green tree, and a yellow-green tree. The middle row features three green trees with different leaf patterns. The bottom row features a green tree and a yellow-green tree.
