

Ladder Golf Game

#PGLDR01

SET UP:

Set each ladder 5 paces (approx. 15 feet) apart, facing each other.

Each team (1-2 persons) gets 3 bolas (play pieces). Toss a coin to see who starts.

GAME PLAY:

1. Alternating between teams, toss bolas underhand, careful not to hit anyone.
2. Take aim for the ladder rungs, higher the better! Or at your opponents bolas – if you knock them off, their points don't count.
3. Count score. Remove bolas.
4. Continue, until one team scores 21 points.

KEEPING SCORE:

Each rung on the ladder represents a different value:

Bottom rung = 1 point Middle rung = 2 points Top rung = 3 points

A player/team wins when they are the only one to reach an exact score of 21 at the end of a round.

If a player exceeds 21 during a round, the points from that round are not counted and they try again next round to meet 21.

In the event of a tie, rounds will continue until the winner of the round earns the first toss in the next round.
