Cal Prop 65

To: All Beaver Paper Customers,

In response to your request for information concerning the sublimation papers we provide you, we have reviewed the formulas and raw material information.

Based upon this information and to the best of our knowledge, we can confirm that:

TexPrint Sublimation Papers, when used for their intended purposes, under their current raw material make up, either contain no know "Proposition 65" safe Drinking Water and Toxic Enforcement Act of 1986 listed chemicals or, if any are present will not, under normal conditions of use, result in exposure that exceed the safe harbor limits. Therefore, no warnings are required for these products.

We recommend that our customers make their own determination as to the appropriateness of these products for their intended application.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Rob Repasi".

Rob Repasi
