

What are Simple Stores?

In the spirit of simplicity, these single page stores will help you order online in a snap! Simple Stores are easy to set up and can be used for collecting orders, pop-up shops, temporary or seasonal stores, and fundraising.

Store Design

The single-page storefront design includes your logo and color preferences. It's simple so we can launch quickly.

Payment Methods

Utilize customized payment methods such as POs and Cost Codes or integrate with a credit card gateway to collect payment.

Email Marketing

We can send email blasts directly to store shoppers reminding them to make their purchases.

Countdown Clock & Order Goal

Motivate shoppers by displaying when the store closes or the organization's sales goal. Perfect for temporary stores and fundraising.

Shipping & Taxes

Streamline shipping and tax calculations by including one flat shipping rate per store and a single organization tax rate to each other.

Order Reports

Each store comes complete with custom reports so you can easily view all order information.
