Subject: Regulation (EC) N° 1907/2006: REACH
Art. 33 – Duty to communicate safe use information or responding to customer requests
CANDIDATE LIST OF SUBSTANCES OF VERY HIGH CONCERN

Dear Customer,

following your request, we can state that our Company is in line with the provisions and adjustments required by REACH REGULATION and that **NONE** of the product we produce contains intentionally one or more Substances of Very High Concern included in the Candidate List, which is actually updated on 16/01/2020 (current number of substances in the Candidate List = 205).

The updated Candidate List table is present in
<https://echa.europa.eu/candidate-list-table>

Yours faithfully,

Andrea Marzocchi

Quality, Product Safety, EHS Director

JK GROUP S.p.A.

The above declaration is valid until the next updating of the Candidate List (usually every 6 months) and if no changes possible formulae or legislation reach us.

This declaration refers to the initial analysis of the formula and the components of the product itself.

This declaration is not based on a routine analysis of such product or the raw material that form it.

However, traces may only be present as adventitious impurities from raw materials used.

Analyses for trace impurities in the product are not conducted as part of routine lot certification procedures.

Possible specific requirements will have to be submitted to the evaluation of JK Group S.p.A.

We remain at your disposal for any further information you may need.
