POWERED BY HALO

I came across a travel tumbler made from 6 used, single use, disposable coffee cups. Really? YES! Dishwasher safe, 10-year life (then it degrades eco-friendly), insulated, and 100% leak-proof 360° drinking lid.

Recycled, Renewable, and yet “Recyclable Again” products have a story to tell.

So, “What is your story?” No two businesses or nonprofits are alike.

Let's tell it.
