SINCE 1926

# MAKING HISTORY SINCE 1926

## OUR STORY BEGINS WITH LINA.

Before we made promotional products, we were a newspaper publisher. Journalist Lina Paschal purchased *The Valley Chronicle* from her brother-in-law in 1903.

## 1926: A BRAND WAS BORN

In 1926, Lina handed the reins over to her nephew, Paul Paschal. Paul and co-owner Lester Norris started making advertising calendars when the newspaper presses weren't running. They named the calendar line "Warwick."

## 1989: COMPLETE FOCUS ON PROMOTIONAL PRODUCTS

Fourth generation co-owners Rob & Jim Paschal chose to sell our newspaper operation to focus solely on making calendars and expanding on our advertising specialty lines.

## BIGGER DEMANDS, BIGGER SPACES

We've moved a few times through the last century to accommodate both the newspaper presses and the growing demand for calendars.

## 2008: A BIG EXPANSION

With the acquisition of Winthrop-Atkins came a vast expansion in product offerings. Pocket folders, greeting cards, frames, and an even larger calendar line.

## WHERE WE ARE NOW

Wide format, ink offset, foil stamping, embossing, and a myriad of custom options, Warwick has grown. Run by fifth-generation owner Alex Paschal, we have big plans for our future, and we can't wait to share them with you.

## THANKS FOR BEING PART OF OUR STORY.

Alexander R. Paschal

### **Blind Embossing**

This is our most affordable and popular option. Blind embossing means your image is simply raised off the paper one flat level—without any extra foil or printed artwork. It's a subtle effect that works well for any logo.

.....

### **Reverse-Outs**

We can emboss reversed-out logos and artwork, but avoid fine details, as those might not transfer.

.....

### **Artwork Size & Complexity**

Your price depends largely on the size and complexity of your artwork. For instance, small, complex logos can cost more than a slightly larger, yet simpler logo.

.....

### **Pick an Appropriate Paper Stock**

The complexity of your artwork will dictate the paper stock you can use. Logos with fine details show best on smooth or glossy paper stock. While you can emboss on any stock, fine details might be lost on textured papers like black weave or corduroy.

## **How to order embossed folders**

**Please contact us to receive a quote on your embossed folders.**

We will determine the cost of your embossed folders based on the criteria listed here.

**Art Charges:** Cleanup of artwork will incur an additional charge of \$81.60 (D) per hour with a minimum charge of 1 hour.

**Color**

We only use CMYK/spot color space, not RGB. All single-color jobs should be provided to us in black and white. All multi-colored jobs should be sent in vector format with the appropriate spot/process color selected.

**Fonts**

When creating art, please create outlines in Illustrator for your fonts or send the full font for printing purposes.

**The Use of Web Art**

Artwork used on the internet is meant for viewing only. The images on websites have been saved at 72DPI and are not intended to be printed. We cannot accept these images for print reproduction.

**Artwork Hints & Tips**

High-resolution artwork will produce the best imprint quality. Here are some easy and helpful hints for creating high-resolution art:

**InDesign Hints**

Specify all colors as PMS spot colors or CMYK; exactly the way you want them printed. Keep images at 100% whenever possible to avoid changes or errors.

**Illustrator Hints**

Use CMYK color code and specify your colors either as PMS spot colors or CMYK to ensure that you get the colors you are expecting.

**Photoshop Hints**

Please send black and white art files at the size they are to be printed. Resolution should be 600–1200DPI. Continuous Tone Images should be at 300DPI and at the correct sizes to be printed. Lower resolutions may result in loss of quality.

**Acrobat Hints**

Please submit file exactly as it is to be used for positioning, size, colors, and bleeds. Fonts should be outlined before making the PDF file whenever possible.

**Art Solutions**

Warwick has a fully-staffed Art Department with many years of experience to help you. If you cannot supply us with satisfactory art, we may be able to assist you. Please call Customer Service for assistance. Art charges may apply.

## Shipping Packaging Guarantee

Warwick provides, as individual SKUs, custom printed corrugated packaging deemed fit for shipping without secondary packaging. However, due to the custom nature of this packaging, Edge Crush Test certification is not available for these SKUs. Additionally, due to the less-than-careful nature of freight and shipping providers, it is expected that the print on corrugated packaging and the corners/raised edges of this packaging will experience normal wear and tear during transit to the package's final destination. For this reason, damage to packaging for order refund/credit/replacement must be reported prior to shipment. Damage reported after shipping will not be considered for credit or replacement.

## Kitting, Fulfillment, and Warehousing

Kitting jobs are priced by required touch at \$0.20 (X) each on a project plus a flat fee \$0.35 (X) for labeling and final shipping coordination. A touch is defined by both the number of items involved in a kit as well as the number of manipulations required to perform on an item for it to be ready for packing into a kit. Such examples include but are not limited to: Folding or Unfolding, Unwrapping, Sticker Removal or Application of Stickers, Tag Removal or Tag Application, Inserting, Spraying, Assembly, or any other action that deviates from a normal pick and pack process as-received by the warehousing team. Warwick reserves the right to back-bill for improper communication of kitting and packing requirements if not communicated clearly at time of quoting or purchase order receipt and review.

Warwick cannot control the actions of shipping and logistics providers once a kitted package leaves our production facility. Additionally, Warwick cannot control or guarantee the quality of products supplied by any 3rd party supplier that we did not source directly ourselves through Warwick's purchasing operations. As such, Warwick is not responsible for damage experienced during transit to any internal kitted components and will not reimburse or refund for damages that incurred to internal components during transit. If a Warwick-manufactured product is damaged during transit, our normal refund and returns policy will apply.

Warwick provides Warehousing and on-demand Fulfillment services as part of our operations. Warehousing pricing is \$20 (X) per skid, per month, and warehouse space is not climate controlled. Fulfillment services are quoted on a per-job basis.

Warwick will not kit, fulfill, or ship any of the following classes of materials: Hazardous Materials, Pharmaceutical or Medical Materials that are not readily and generally available to the public without prior approval, Drugs or other controlled substances that are not federally legal in all 50 States and all Territories, or anything that requires climate controlling to prevent spoilage. Additionally, Warwick may decline to ship a class of material without notice if it would go against the spirit of this policy, even if the substance class is not explicitly listed above. Warwick also reserves the right to decline to quote or cancel an existing order without notice if asked to kit, fulfill, or ship anything that is deemed against this policy or is shipped product that is deemed against this policy. Warwick is not responsible for costs incurred in any capacity in this instance, including declined delivery charges, temporary storage charges, handling charges, and/or disposal charges of something delivered to our facility in violation of this policy.

## Outdoor Signage

Signage sold by Warwick is manufactured with state-of-the-art printing technology. Even so, natural fading and discoloration is not 100% preventable and may vary based on the usage destination of the signage. Because of this, only excessive, rapid discoloration outside of normal expected wear and tear of outdoor use will be eligible for refund/credit/replacement.

Signage that should not be displayed outdoors is marked clearly as indoor signage on SKU information pages and will not be credited in any way for natural fading or discoloration.
