

# BASIC COMPANY STORE

## Basic Company Store Features

A Basic Store includes everything in the Bright Sites Catalog Site plus the shopping cart and store management features you need to sell your promotional products line.

### Modern Storefront

Carry your branding to your new Company Store with customizable themes and beautiful product pages for a professional store that's easy to navigate on any device.

### Shopping Cart & Checkout

Set up your store with custom payment methods, custom tax rates, and shipping options to begin selling products right away!

### Other Included Features

- Shopping Cart
- Custom Payment Methods
- Payment Gateway
- Shipping
- Orders
- Custom Sales Tax Rates

### Product & Logo Management

Sell any type of product, it's easy to add your own or choose from our database. With virtual logo capabilities, shoppers will be able to choose their logo and see how it will look.

### Store Management & Report Suite

Keep track of order information right from the store admin area. With reports you can run sales and product reports and export all information to a CSV or Excel file.
