

PackKits provides promotional products distributors with a one-stop solution for custom boxes, custom void fill and fulfillment services by leveraging the power of digital cutting and printing solutions along with industry-leading fulfillment capabilities.

We offer a variety of carton materials with differing levels of customization with quick turnarounds to meet today's branding needs. In addition, we offer kitting, assembly and shipping services to reduce the number of pain points promotional products distributors face when servicing their clients.

Finally, PackKits makes the process simple from start to finish. From 1-page quotes to a dedicated project management team to state-of-the-art technology that tracks projects the entire way, distributors can work with PackKits for a full end-to-end experience (we provide everything from the mailer/box to the shipping) or a la carte (the Distributor provides boxes, filler, etc.)

MAKE IT

Choose from a variety of materials and decoration methods to create a kit that's unique to your needs.

- Regular shipping carton (RSC), Tuck top and Turned-edge box options in custom sizes from 3"x3"x1" to 25"x25"x15".
- Other custom materials available.
- Undecorated (plain kraft/tan), white or full-color printing available outside and inside.

FILL IT

Experience how our team creates a premium experience for the consumer.

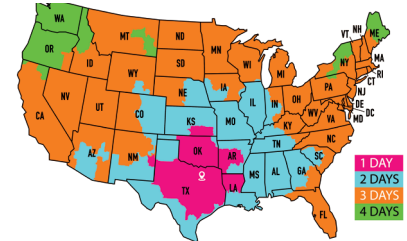

- We'll work with you to receive promo merchandise from your vendors.
- Add void fill like crinkle paper, tissue paper and bubble wrap or for a truly elevated presentation –custom insert trays (foam and corrugate) are available.
- Save money on materials and shipping by shrink wrapping the kit instead of placing in and extra (and unnecessary) outer shipping carton.

SHIP IT

Turn to the expert team you can trust to get your boxes delivered on time and on budget. Every time.

- Over 100,000 square feet of warehouse and distribution space.
- More than 500,000 packages shipped annually.
- A central location reaching 96% of the US population with economical ground shipping in 3 or fewer days.

AUTOMATE IT

We leverage a state-of-the-art Warehouse Management System to manage the entire process

- Each inbound item is assigned a SKU for receiving and inventory purposes
- Over/under receiving reports are provided so you can monitor arrival status
- Tracking reports are generated and provided immediately after kits are tendered to the carrier

PRICE IT

Everything you need to know about your project and the pricing is included on a comprehensive 1-page quote sheet

- What items/components you'll be providing
- What items/components PackKits will provide
- All fulfillment steps

Use PackKits for a full end-to-end experience (we provide everything from the mailer/box to the shipping) or a la carte (you provide boxes, filler, etc.)

LOVE IT

We've been doing this for over a decade and are very good at what we do. But instead of tooting our own horn, here are what some of our clients have said over the years...

"Exceptional customer service and fast delivery." -ASquaredPromotions, Colorado Springs, CO

"The PackKits team are super reliable, communicative, and flexible. Highly recommend!" -The Promotions Dept, Torrance CA

"The PackKits team provide amazing job at communication on highly detailed fulfillment jobs. I don't trust using anyone else -they will take great care of you!" -81Eighty Promotions, Frisco, TX
