PRODUCTS & IN-HOUSE DECORATION

Fast production

These are items which we produce domestically. We are never out of stock in these items. Blank product ships in 2-3 days and Decorated product in 5-7 days (or less).

We offer in-house decoration shown below and really specialize in Sublimation

WHAT IS SUBLIMATION?

Sublimation is method of printing your design or image or logo onto fabrics. It does so through a process that turns a solid directly into a gas through a high heat reaction. Which is then transferred and fused through high heat press back into a solid state onto the fabric for a lasting imprint giving you a the smoothest hand feel with a zero ink feel. Display as many colors and logos you want.

Print your Logos, names, numbers, sponsors or any background color/ digital effect in the design without limitations. Advertise on our collection of products with no image resolution loss, get the best results for an All-In-One-Price
