DRAFTING PRODUCTS

For architects, engineers, landscapers, builders, electricians and other professionals needing accurate, quality products for their technical field.

Professional Pocket Scales —with NEW! CUSTOMIZED LABELS	3
AlumiDrafters™ —unique flat drafting scale!	4
Gift Set —The perfect gift for drafting professionals!	5
Solid Triangular Drafting Scales —Executive look and feel for top clients	6
Hollow Triangular Drafting Scales —Lightweight with large imprint area available on all 3 sides	7
Select-a-Scale —Rotating rod displays one of six available scales. Architect, Engineer & Metric. A Must Have for professionals!	8
Drafting Fan —6" Aluminum fan with all Architect, Engineer and Metric scales	8
Architect & Engineer 4-Bevel Scales and Joist/Truss Architect Scales —Sophisticated mid-priced precision drafting tool	9
Calibrated Triangles & L-Squares —30°/60°/90° & 45°/90° triangles and 6" x 12" L-square	10
Architect & Engineer Straight Edges —Portable, slide easily into a notebook	11
Combination Key Tag —4 most commonly used Architectural and Engineering scales on a key chain	20
T-Squares —Photo Anodized aluminum T-squares for precision drafting	26

OFFICE & DESK PRODUCTS

For customers looking for high quality products for the home and any business, such as banks, car dealerships, attorneys, accountants, hospitals, etc.

Non-Slip Rulers & Straight Edges —Upscale rulers with prominent imprint area	12
Desk Rulers —8" & 12" quality beveled rulers	13
Office Rulers —Executive ruler for your executive clients	13
Everyday 3-sided Ruler —12" triangular ruler with inch, mm, cm calibrations	13
Straight Edge with Center Finding Back	13
Stainless Steel Rulers —Essential for every office	16
Giant Message Clips —Substantial paper weight for holding papers and messages	17
Business Cards —A unique way to present a professional first impression	17
Luggage Tags —Durable aluminum tags for your golf bags and luggage	17
AlumiEraser —Great for your boardroom meetings	17

ARTS & CRAFTS PRODUCTS

For customers looking for creative, innovative tools to help them be more productive.

AlumiCutter™ —Measure and cut without changing tools	16
AlumiCrafter™ —Measure, cut, plus tear with a deckle edge all in one	16
36" Yardstick —End to end calibrations	16

UTILITY KNIFE

For builders, warehouse facilities, liquor stores, and anyone needing a high-quality box cutter.

AlumiRazor™ Utility Knife	18
--	----

SPECIALTY RULERS

Fish Ruler - for docks and boats	14
Seed Tool - for measuring seed depth and seedling height	14
Specialty Straight Edges & Scholastic and Reference Rulers —Metric Conversion, Presidents, States Ruler, and Reference Rulers	15

BOTTLE OPENERS

Excellent for breweries, wineries and automobile dealerships.

Standard, Skinny & Large Bottle Opener —Curved ergonomic design opens bottles and pop-top cans	19

Alumicolor® Professional Pocket Drafting Scales

Alumicolor® **Pocket Scales** are traditional triangular scales about the size of a ball point pen. They are a great promotional item for architects, engineers, realtors, landscapers, builders, electricians, and other professionals. These handy scales are accurate and functional tools that will be treasured and used for many years. Pocket Scales are packaged in clear plastic tubes with caps at no extra charge. New this year, the tubes can be labeled with a custom sticker either on stock scales with no imprint or on our traditional imprinted version.

New imprint option!

Add 4-color labels to clear tubes

The **AlumiDrafter™** is the newest addition to Alumicolor®'s long line of innovative drafting products. Invented by a practicing architect, this multi-use tool gives the user all the advantages of a traditional triangular scale in addition to many other features, while solving the portability issues of its bulkier counterpart. See below for all the features of this unique new tool for the architect and engineer industry.

Now this innovative tool is available in a smaller, even more portable 6" version. It features many of the same features as the 12" version, minus the guides for drawing angles and triangles. The user can still read multiple scale drawings, draw circles and arcs, and use it as a cutting/drawing edge, while having the added benefits of its small size and ease of use.

\$50.00/v set-up for **ALL** orders includes one color imprint on one side. Please refer to page 27 for additional imprinting information & charges.

The ideal gift for drafting professionals, this Executive Gift Set is packaged in a handsome black, felt-lined gift box with a silver trim plate that can be imprinted with a laser engraved imprint. The unique magnetic lid opens to two elastic loops that hold your drafting instruments in place. The Executive Gift Set includes our popular Pocket Scale with a pocket clip, along with either 1) a simple aluminum-finish mechanical pencil, 2) a 5-in-1 work pen, or 3) a high-end solid aluminum Bettoni 4-in-1 pen. The simple mechanical pencil has an anodized aluminum finish and .7mm lead. The 5-in-1 work pen is made from plastic and contains a twist-action ballpoint pen, a level, a 3" / 7cm ruler, a small reversible Phillips and flathead screwdriver bit, and a capacitive stylus that works with touch-screen devices. Finally, the high-end Bettoni 4-in-1 pen also has a twist-action ballpoint pen, a level, a 3" / 7cm ruler, and a small reversible Phillips and flathead screwdriver bit.

Aluminum Finish mechanical pencil: .1/4" x 1 1/2". Laser engraved imprint. Pencil available in black, blue, red, and gray.

4-in-1 Aluminum Bettoni Pen: 2" x 3/16". Laser engraved with oxidation imprint. Pen available in silver only.

\$50.00/v set-up for ALL three components together, includes one color imprint on one side.

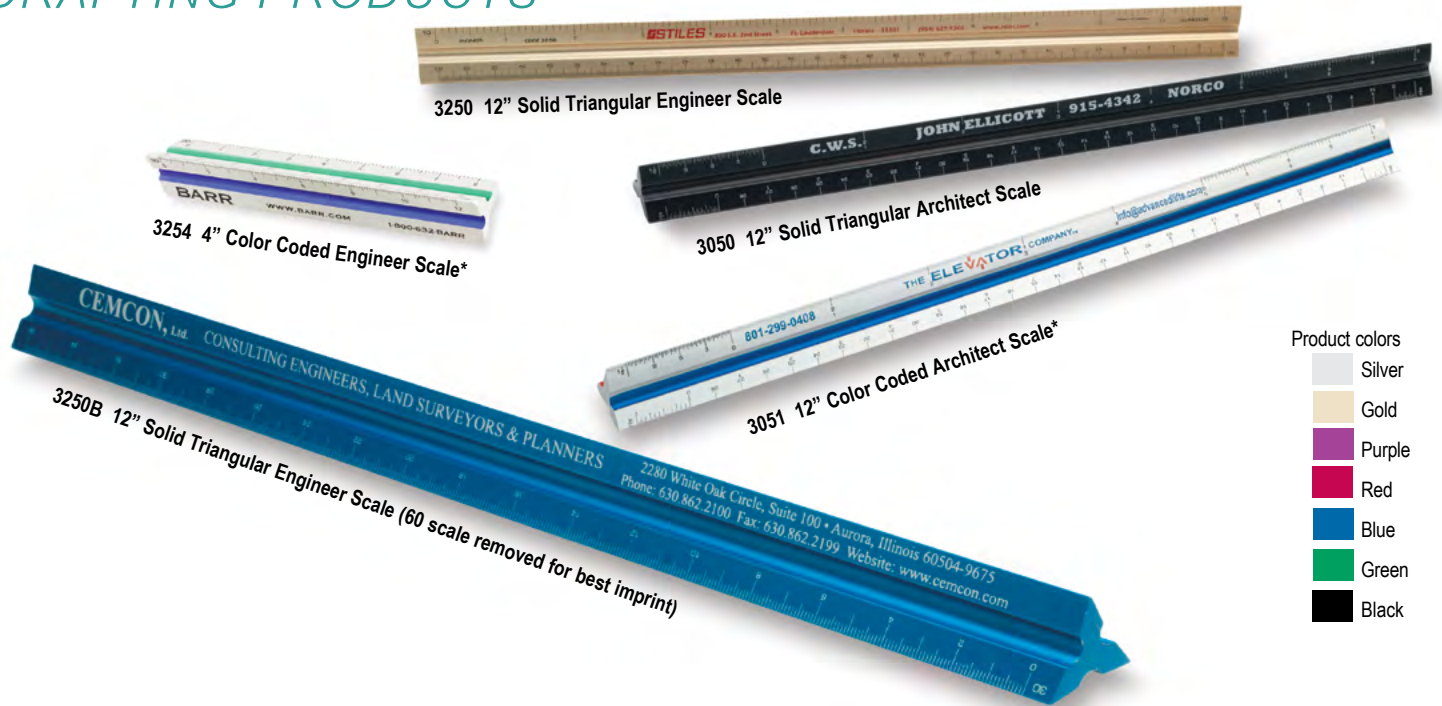

Pricing includes 1 color/1 side imprint on pen/pencil, box, and Pocket Scale with clip

Alumicolor® Solid Triangular and Color-Coded Solid Triangular Scales

Our **Solid Triangular Scales** are the perfect promotional item for your executive clients in the architectural, engineering, contracting, landscaping and electrical fields. Alumicolor® scales are made from high quality extruded aluminum with Photo Anodized calibrations making them a permanent part of the aluminum that will never wear or rub off.

The **Color Coded Solid Triangular Scales** have a different color coded groove on each side that easily identifies your calibrations for quick reference.

Alumicolor® Select-a-Scales™ and Drafting Fan

Our **Select-a-Scales** are an ultra convenient and functional drafting tool that allows architects and engineers to select multiple scales all in one product. The unique design incorporates a sculptured arch on the bottom for ease of movement. A rotating rod on the top displays one of six available scales while the solid aluminum base has fixed scales on the front as well as a raised inking edge.

The **Drafting Fan** is another convenient all-in-one tool made from aluminum that has all standard the Architect, Engineer and Metric scales used in the industry. Double sided aluminum blades with a large blank blade for your imprint.

\$50.00/v set-up for ALL orders includes one color imprint on one side. Please refer to page 27 for additional imprinting information & charges.

Alumicolor® Architect & Engineer 4 Bevel Scales and Architect Joist/Truss Scales

Our architect and engineer **4 Bevel Scales** are an upscale precision drafting tool. Professionals will be pleased to own and use these quality scales which are made from extruded aluminum. The ultra smooth edges with Photo Anodized calibrations allow for lines to be drawn that are smooth, straight and tick-free.

The architect **Joist/Truss Scales** are accurate, quality, 4 bevel scales and will be a BIG hit with architects, builders, roofers, framers and lumber yards. Based on customer needs, we are offering two different versions. Use the (1", 1/2") scales for measuring large-scale drafting plans, or use the (3/16", 3/32") scales for measuring reduced plans. Both versions come with (1/4", 1/8") scales for regular use.

Alumicolor® Triangles and L-squares

Alumicolor® calibrated Triangles and L-squares are stamped out of aluminum sheets and then Photo Anodized, ensuring that the calibrations and logos imprinted on them will be a permanent part of the metal itself. This means the imprint will never fade or rub off over time. These products are ideal for drafting professionals, as they will be used every day.

Alumicolor® Architect and Engineer Straight Edges

Alumicolor® Architect and Engineer Straight Edges are used by architects, engineers, realtors, landscapers, builders, electricians and other professionals. Virtually the same price as the popular **Pocket Scale**, but with a larger imprint area for your client's logo. Extruded aluminum gives a rigid feel with ultra smooth edges. The ultra smooth edges with Photo Anodized calibrations allow for smooth, straight, tick-free lines to be drawn.

Alumicolor® Everyday 3-Sided Ruler, Desk and Office Rulers & Straight Edges

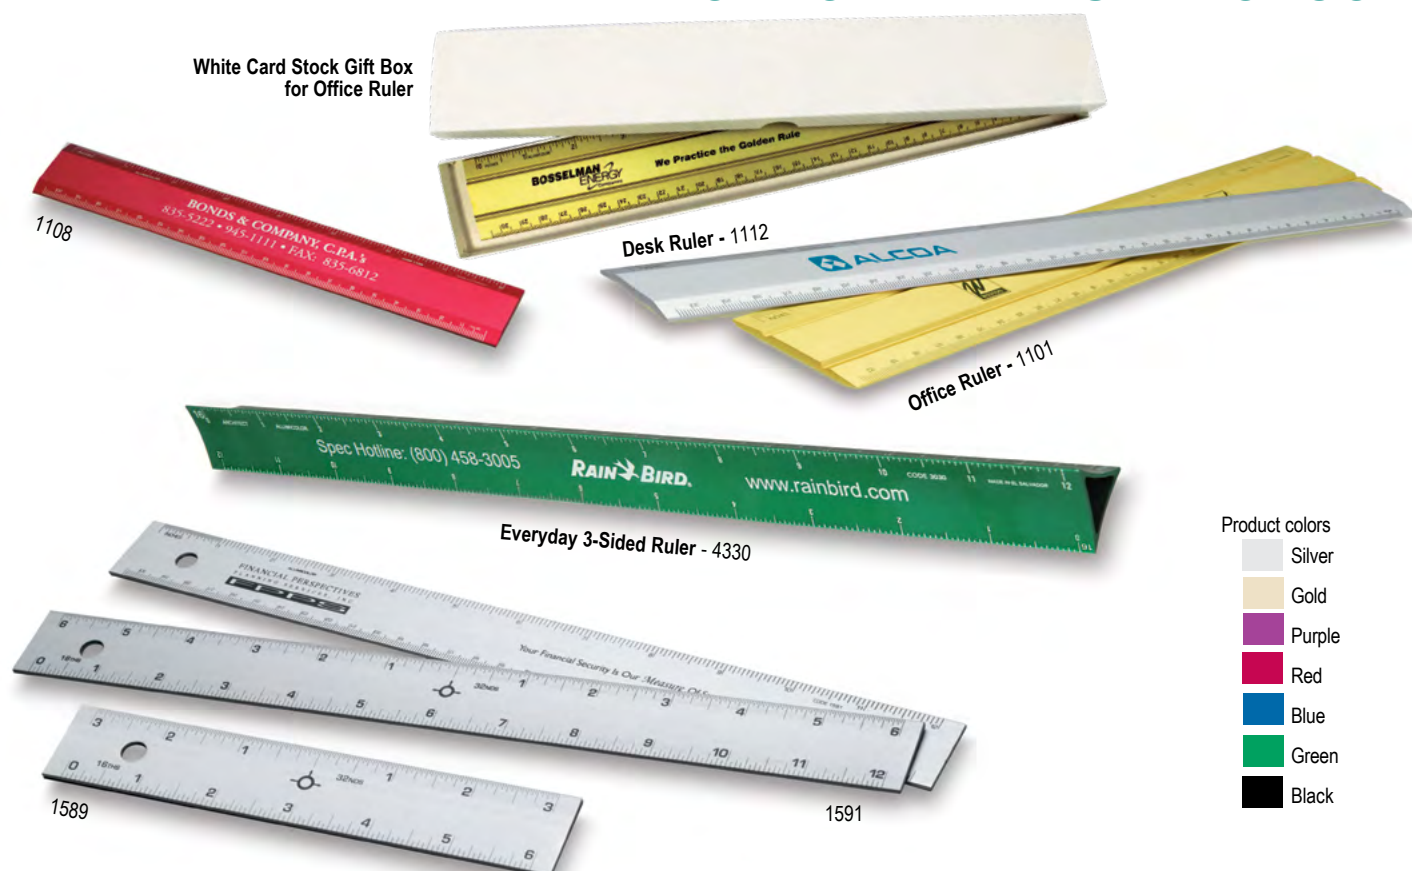

Alumicolor® **Desk Rulers** are the perfect promotional product for all businesses. Remember, everyone needs a ruler!

Alumicolor® **Office Rulers** are a premium two bevel aluminum ruler with ultra smooth inking edges that are 1-3/4" wide. They have an executive look and feel that will be the envy of the entire office.

The **Common Man 3-Sided Ruler** is a truly handy ruler for any office. It features common calibrations used on a daily basis including: inches, centimeters, millimeters, a center-finder and even a metric conversion chart - all in one product!

Our **Straight Edge with Center Finding Back** is really two rulers in one. The front side has traditional inch and CM markings. The back side has center finding calibrations in inches making it easy to identify the center of a measurement. Available in 6", 8", 12", 15", 18" & 24" lengths.

Alumicolor® Fish Rulers & Seed Tool

Introducing **Alumicolor®'s Fish Ruler**. This unique ruler is perfect for any sportsman looking for a quick way to measure their prize catch. Just put the nose of the fish against the curved end and measure from there. Convenient holes for mounting to a boat or dock.

The **Alumicolor® Seed Tool** is a depth indicator used by farmers, landscapers, florists and other agricultural organizations to measure the depth to put seeds in the soil. It can also be used to measure the progress of a plant as it grows. Using our exclusive Photo Anodization technique, logos and calibrations become a part of the high quality aluminum itself so they will never fade or rub-off over time, regardless of the harsh elements this tool might be exposed to. Features a 6"/15cm ruler on one side and a large imprint area on the other.

Schools love our specialty straight edges and scholastic rulers. The **Presidents Ruler** features the nation's 45 presidents and the year in which they were inaugurated. The **States & Capitals Ruler** displays America's Fifty States and their Capitals. The **Straight Edge with Metric Conversion Back** has metric equivalents for length, area, volume/capacity and mass/weight measures on the back side. A handy multi-purpose tool for those customers working with metric conversions.

Create your own Custom Reference Ruler with a list of your choice. Whether it's a list of important dates in your organization's history, customer service tips, procedural steps, or any other information you would like to promote, this is a useful product that will stay on someone's desk as a constant reminder of your message.

Alumicolor® AlumiCutter™, AlumiCrafter™, 36" Yardstick and Stainless Steel Rulers

The **AlumiCutter™** is not just a regular ruler; it's a multipurpose tool, as well. Use its raised edge and finger groove to protect your fingers while you cut with a hobby blade. The recessed neoprene non-slip backing keeps the ruler in place.

The **AlumiCrafter™**, a Scrapbooker's dream come true, can be used to measure cut plus tear all-in-one! The unique deckle edge with center-finding calibrations makes a natural-looking border. Comes with the popular AlumiCutter's cutting edge and finger groove.

Our **36" Yardstick** has end to end calibrations. Specifically targeted at the sewing/quilting industry. Front side has 1/8 yard markings while the back is blank for imprinting. Lightweight, low-priced and sturdy. 1/16" thick x 1-1/8" wide.

AlumiRazor™ Utility Knives

The AlumiRazor is a stylish utility knife with a unique finger loop that offers added safety, control, and leverage. The high quality steel blade locks into two positions for extra effectiveness on any material. Perfect for the construction industry, warehouses, liquor stores, carpet installers, etc. Imprint in 4 Color Process with a 3D Dome on the handle or laser engrave for a more subtle imprint. Laser engraving on blade holder available for an additional \$2.50 (V).

UTILITY KNIVES

- * Imprint 4-color process color graphics with durable 3D-Dome label
- * Imprint 1-color logos with laser engraving on the surface or blade
- * Uses standard utility knife blades that are quick and easy to replace
- * Unique comfort grip finger loop for added safety, control and leverage
- * Two locked blade positions are ideal for traditional uses or more rugged applications such as cutting carpet

Alumicolor® Key Tags and Dog Tags

Alumicolor® **Key Tags** are made from extruded aluminum which makes the edges ultra smooth. Photo Anodizing creates a permanent, totally smooth imprint that resists cleaning or rubbing off. Price includes the same imprint Photo Anodized on both sides.

Alumicolor® **Combination Key Tag** comes with either Architect/Engineer calibrations for construction professionals or in Inches/CM for everyday use.

Alumicolor® **Dog Tags** are the perfect way to express appreciation and recognition in the education, sports and award industries! These beautiful aluminum dog tags make a cool statement and can be worn or attached to personal belongings with a key chain. Photo Anodized colors and imprints insure that your message is a permanent part of the aluminum.

Alumicolor® is proud to support Breast Cancer Awareness and Research. Show your organization's support and affiliation for this worthy cause with any item from this collection of our best selling products. Whether it's using the AlumiEraser™ to promote the message of "Helping to Erase Breast Cancer", or giving people a chance to show their support everyday with a standard desk ruler or even using the Aluminum Business Card as a VIP Awards Card, we have products that can fit any promotion. Best of all, when you purchase any of these items, Alumicolor® will donate 10% of the 1st Column price to Breast Cancer Research. So even if you buy in large volumes to take advantage of the quantity discount, we will still donate 10% of the highest price listed. Working together we can help put an end to breast cancer.

Tools to Make the World a Better Place

Alumicolor® products can be used in a variety of promotions to help change the world. Encourage a paperless environment with wipeboards and the AlumiEraser Palm™. This is an ideal promotion for company call centers where thousands of reams of paper are wasted during customer calls.

The AlumiEraser™ can also help prevent the spread of germs in hospitals as its hypo-allergenic surface can be easily cleaned by nurses after they update a patient's chart.

Finally, clever taglines can be incorporated with the AlumiEraser™ for socially conscious causes. For example, a "Help Erase Breast Cancer" eraser is a great way to communicate this important message.

(details on page 21)

Alumicolor® products are ideal tradeshow giveaways because of their staying power. Unlike the cheap swag typically seen at tradeshows, Alumicolor® products are items that people actually keep and use on a daily basis, after the show. The Photo Anodizing process used for imprinting makes your logo and message a permanent part of the metal itself and will not rub off or fade away. So, if you want to maximize your tradeshow dollars, go with the products that are Made to Stay.

Alumicolor® products are great for Schools, Churches and other organizations. Our gold rulers are the perfect item to help emphasize the “Golden Rule”. Our Presidents and States rulers are ideal for learning and quick reference for students in Elementary and Middle School. Use dog tags as rewards for good behavior or other school achievements. Finally, AlumiErasers™ are a great way to market to teachers and school officials with an item that they can use on a daily basis on dry erase, chalk and smart boards.

Quality

Alumicolor® products are made from high quality extruded aluminum and are sold in art & drafting stores throughout the USA and Canada. Alumicolor® calibrations and product colors are Photo Anodized, an electro-chemical process that makes the imprint a part of the aluminum surface. This not only makes the imprint permanent and resistant to fading/rubbing off, it also gives all of our products an ultra-smooth edge for drawing straight, clean, "tick-free" lines. Alumicolor® products are made in El Salvador and distributed from the USA.

Art Requirements

Email art to artwork@alumicolor.com. Exact layout preferred, vector line drawing (no bitmaps please), all text converted to "Curves" or "Outlines". Black & White art regardless of color of imprint; separated art if more than 1 color imprint.

No charge if electronic art to specifications is provided; one line of straight line type at no charge. Scanning and cleanup, additional typeset or other manipulation will be charged at **\$30.00/v** per hour. Smallest printable type size is **6 pt.** font. Colors in multi-color jobs can not be close or touching registration; a minimum of 1/16" is required for registration between colors.

File types accepted: Corel Draw version 17 or earlier, Adobe Illustrator 2020 or earlier, vector PDF or vector EPS files

Imprint Colors

Standard imprint colors on SILVER or GOLD products: Black, Reflex Blue, Process Blue, Fire Red, Dark Green

Imprint colors available on PURPLE, RED, BLUE, GREEN and BLACK products: Silver or Gold ONLY with matching calibrations

Alumicolor® T-Squares

Our Aluminum T-squares are essential tools for anyone in the drafting or construction industries has been a top seller for Alumicolor® in the college bookstore and art market for over 35 years. Now it's available as an imprinted promotional product for companies looking to reward employees or get attention from prospective customers. These t-squares have a 1 1/2" tempered aluminum shaft calibrated with inches and centimeters. The black ABS plastic heads are lightweight and shatterproof. The calibrations and custom logos are imprinted with our special Photo Anodizing process which makes the imprint a part of the metal itself so it will never fade or rub off over time.
