

## A collection of kitchen tools with wooden handles is arranged on a dark, marbled surface. The tools include a clear glass, a grater, a peeler, a knife, a whisk, a pizza cutter, a can opener, a pair of scissors, a set of measuring cups, and several spatulas and spoons. The handles are made of light-colored wood and feature the brand name 'ACADIA' or 'NATAS' in a stylized font. The tools are laid out in a grid-like pattern, showcasing their variety and design.

Put your name brand in the hands of new homeowners, apartment renters, home chefs and more. These accessories make a unique and useful individual giveaway, or can be used in combination with a recipe or a premade ingredient kit. Larger sets are available for gifts and incentives.

\*Manufacturer recommends hand washing on select items. Features may vary by style, please see individual item notes for specific details.
